"Words cannot adequately describe my thanks and appreciation to you and the most amazing work you have introduced me to. The training is a journey of self-discovery with tools to master life's great mysteries." R. Greenstein, Therapist

The SOL Spirit of Light Training has 4 modules that stretch over 8 months in order for everyone to learn and integrate the tools and be supported whilst shifts happen on all levels. The Training is experiential as opposed to theoretical and offers self-exploration, tools that can be used in one's own life as well as an opportunity for a new career path if that arises. The Spirit of Light Training is an opportunity to reclaim the true essence of self.

Benefits of the SOL Training:

Entity/Energetic clearing

Clearing your energetic field can lead to physical pain disappearing, relationships harmonizing and old patterns transforming. The mind gets clearer and there is an overall feeling of well being.

Past life integration

Working with past lives can help shift old unconscious patterns which leads to physical and psychological wellbeing. Karmic blockages can be resolved and old karma gets completed.

Channelling

The introduction to channelling opens one to the light within and outside. It helps to expand into one's full potential. Channelling is an extraordinary way to connect with one's own spirit and guides.

The training is held in a beautiful space surrounded by nature. Close to Byron Bay it offers an intimate setting of peace and tranquillity. The groups are held small in order to allow sufficient personal attention and space for personal learning and integration.

Spirit of Light

The Training

Over the years there has been a big increase in demand for Ghata's unique work. Therefore she offering a training to impart her gifts and skills to those who are called to open themselves to this particular form of service or want to work deeper on themselves.

Her intention in creating this training is to empower people to live their lives courageously and authentically and to access their psychic capacities. This deepens their self-acceptance and compassion in service to themselves and others. Her vision is to create a network of conscious, clear channels who can support themselves and others in living their love and offering their greatest gifts.

The Training is open to anyone who is ready to commit to deepening their self-exploration and possibly feels drawn to be of service in opening others to their potential. The Training is structured in 4 consecutive separate four-day intensives, each designed to explore different techniques for clearing yourself to become an open channel for energy healing and psychic work. To be able to attune to and support others you need to be able to find your own clarity; to 'get out of the way' and let your divine essence through.

The different sections of this training are designed to help you grow in consciousness and free your own potential for healing and love. You will learn how to free yourself from limiting beliefs, patterns, fears and restrictions in all areas of your life. The intention in deeply investigating our current paradigm is to enable us to feel beyond our personal 'story' and to trust in our innate wisdom and intuition. You will find your own unique way of helping yourself and others.

The Training is a discovery of Self as well as a training based on the techniques of Energy Clearing, Past life exploration and Channelling.

We will be exploring many gateways to other dimensions.

These include:

- Energy clearing
 - Channelling
- Past Life exploration
 - Psychic Reading
- Spirit Guides & Angels
- Transpersonal Work
- Hands-On Healing
 - Rituals
 - Circles
 - Movement
 - Meditation
- Colour & Crystal Healing
- The Work of Byron Katie
 - Breath Work
- Inner Child Work

The intensity of the Training and the limited number of participants allows individual work and exploration on many levels.

At the end of the Training you will receive a certificate to acknowledge your successful completion of *The Spirit of Light Energy Training*. You will be able to work with individuals in energy clearing, healing and past life integration.
