

Reclaiming Power Past Life and Childhood Belief Integration

MODULE 4

Date to be advised.

(4 DAYS)

9.00am to 5.00pm
Jo's Temple, 418 Leftbank Rd
MULLUMBIMBY

The Spirit of Light Training is designed to help students grow in consciousness and free their own potential for healing and love. You will learn different techniques to help become an open channel for energy-healing and psychic work. In this module we touch on the basics of nervous system regulation to build capacity and create coherence. We also touch on the general way of using light to support healing.

Join us for these 4 days as Ghata explores how beliefs and decisions we might have made in the past influence our life. We learn how to find beliefs that we might have taken on in our past, childhood and past lives and how to change them. You will learn in a safe, loving and gentle environment to:

- Explore the power of beliefs and their, often unconscious, influence on our lives.
- Learn how to find hidden thoughts and how to change them.
- Practice tools to support ourselves and others to uncover conflicting decisions that influence our life now.
- Learn how to create new beliefs and how to imprint them in our system.

During this module you will be learning different tools and have plenty of time to practice this energy work hands-on with guidance from Ghata. This module is delivered face-to-face.
